Traditional Indemnity Insurance and Self-Pay

Payment of applicable deductibles should be made at the time of your visit. We will submit a claim to your insurance (primary and secondary if applicable) carrier for direct payment to the Clinic of your insurance benefits.

We make every effort to be aware of obligations under your plan for pre-authorization, referral authorizations, and other utilization management obligations in order to be able to provide the services you need based on your health status. Since your insurance policy is a contract between you and your insurance carrier, we do not guarantee payment of your claim, nor do we assume responsibility for meeting your insurance plans' requirements for pre-authorizations, second opinions, or hospital stays.

We will, of course, be happy to furnish you with any documentation needed to obtain necessary approvals or to resolve a disputed claim.

We only accept payment by VISA, Master-Card, Discover, and American Express for services rendered at the time of your visit.
